

## RESPONSE

### **WANTED: GRAPHIC DESIGN/PROGRAMMING INTERN**

We're an award-winning marketing agency based in New Haven, CT. Our work is challenging and equal parts cool, sexy, and creative. We offer our clients an array of traditional and digital marketing services and solutions that deliver tangible results: Integrated Marketing, Advertising, Web Development, On-line Video, Promotions, In-store Merchandising and more. Perhaps you're looking to gain experience in an environment that is all about the people, the growth potential, and the culture. The great thing about us is that we're a fast growing agency and a place that you can make a BIG difference.

The right candidate is an innovative, creative thinker who can arise to the challenges of our internal marketing needs and those of our clients. You need to have an aptitude for learning and executing print and/or digital creative, including working with the tools (Photoshop, In-design, Flash, 3-D, web standards). Any programming capabilities are a big plus. At the same time, you should be capable of delivering as part of the agency's fully integrated creative team. You should also be able to respond well to requests like "Make this look sexier" and "Please add some pizzazz and sparkle to this." The ability to work in a deadline-oriented environment, a sense of humor, and time management skills are a must.

#### Internship Requirements

- Experience/classes taken in Photoshop, Illustrator, Quark, In-Design, HTML, CSS
- Flash, After Effects, video, animation, 3-D (Cinema 4D), Java Script are a big plus
- Familiar with server-side programming such as Cold Fusion, ASP, PHP
- Must be willing to work for credit or experience
